

## **Christian Life Center Airborne disease response plan:**

Adopted by: Christian Life Center Board of Elders

Effective: 4/19/21

### **Note:**

- The purpose of this document is to give clarity as to what is expected when meeting inside of our building & to give a comprehensive plan towards fully opening and functioning during our indoor activities.
- This applies to all persons & all indoor activities held on the property of Christian Life Center.
- All guidelines are based on the local county infection rates.
- Due to the fluid challenges in regards to airborne disease this may be subject to change.

### **Category 1** • More than 8.0% positivity rate

Mask Required - No more than 5 unmasked singers per event/service -  
Outside air ventilation required (fans, open doors, etc) - Social Distancing -  
The possibility of outdoor/online only service will be considered.
